# What you can expect from ConsideraCare

Professionalism

Exceptional Care Standards

Transparency

We are a purpose driven, innovative and premium senior home care service which helps seniors age in the comfort, security and dignity of their own homes

## Professionalism

We treat our clients and caregivers with the utmost respect. We follow and provide guidance and information about employer and employee policies and procedures based on Ontario labour law. We only hired professional staff, experienced in health and homecare, who can assist clients and families. with care and employment.

---

## Responsibility

We do monthly check-ins with families and caregivers to update care plans, address any concerns and ensure care quality and positive outcomes.

---

## Fairness

We educate both the clients and caregivers on their rights and obligations and ensure that home care is driven in an equitable, fair and professional environment.

## Qualified and trained staff

We ensure exceptional quality of care by hiring caregivers who are qualified, experienced, screened and matched - for every client's unique needs. We provide ongoing training and support to caregivers to ensure the highest quality of care. We enable high-quality care delivery through a state-of-the-art platform that enables caregivers to organize daily care based on best practices and collaborate with families in real-time.

---

## Promptness

We respond to all client and caregiver inquiries within 24 hours.

---

## Back up and respite

We provide qualified backup staff, depending upon availability, in the minimum duration possible to cover caregiver vacation, leaves and respite.

---

## Transparency

Unlike many assisted living facilities and care giving agencies, our costs and fees are transparent and there are no hidden charges or costs for add-on services.

---

## Partnership and collaboration

We collaborate with caregivers, clients and families to develop bespoke care plans, empower the clients' families to ensure that the care plans are properly implemented and enable participation in care and decision making through our platform.

## Peace of mind

We provide peace of mind to the families by doing screening and proper background checks for caregivers spanning police checks, vaccination, validation of qualifications and references. For Live-in Care, Clients are free to choose or reject caregivers whom we recommend and are entitled to a trial/probationary period for each caregiver. When clients have hired live-in caregivers, we take over the administrative burden of payroll, tax and WSIB filings, caregiver payments, T4s, ROEs and more.

---

## Confidentiality

We maintain confidentiality for clients and caregivers under FIPPA.
